WWW.MOVEAFRICO.COM

Move Africa is a specialist in bespoke Corporate Social Responsibility (CSR) management.

We develop strategies and projects for companies looking to invest in CSR, tailoring each initiative to your organisation's values and objectives.

With a wealth of experience in the industry, our teams are dedicated to helping companies maximise the value of their CSR investment, while meeting their ESG and sustainability goals. CSR is an essential part of modern business, we strive to help companies succeed in this area.

Our approach is **CLIENT CENTRIC**.

ALIGN - We develop your company's CSR strategy through a thoughtful approach to identify, prioritise, and implement projects that align with your company's values, mission and overall business objectives.

CONFIGURE - We create your CSR projects with a key focus on sustainability and education, reflecting a commitment to making a positive and lasting difference in both social and environmental spheres. This approach involves integrating sustainable practices into every stage of the project and ensuring that initiatives have measurable and meaningful outcomes.

MANAGE - We take care of your CSR so that you can take care of business. This defines our commitment to managing all your CSR projects and initiatives seamlessly, allowing businesses to concentrate on their core operations. This statement reflects the understanding that CSR is a critical aspect of modern business but can be complex and time-consuming.

THE PROCESS

Align With Internal Priorities

We conduct internal research with key stakeholders in order to understand your vision and priorities so that we can align our strategy with your purpose and future in mind

Investigate external Influence

We research external influences to drive informed and impactful strategies for maximum impact and sustained community engagement

Design your Strategy

We design your strategy, creating pathways for purposeful impact, emphasizing sustainability at every step. Our goal here is to design solutions that make a lasting positive impact

Formulate a plan for project execution

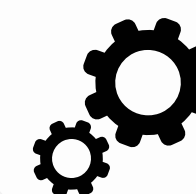

We follow a process based on the specific needs of your project. This helps us create a plan that enhances the likelihood of success and facilitates efficient project management.

Assess Impact

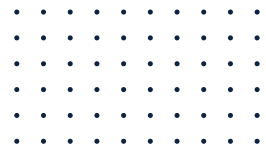

We assess the impact of your project to determine its success and identify areas for improvement, by doing this we can contribute valuable insights to future decision-making when executing new projects.

Manage

We manage all aspects of your CSR initiatives from start to finish, allowing businesses to concentrate on their core operations.

WHAT WE CAN DO FOR YOU

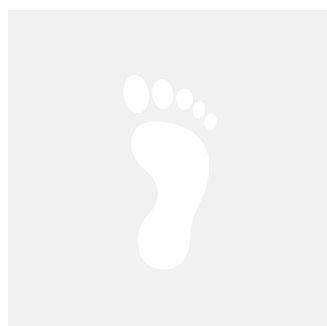

REDUCE CSR WASTE

Reducing CSR waste involves leveraging and optimising resources, enhancing your CSR strategy and the process your organisation takes to implement projects. By creating long-term community development projects with clear and measurable goals, we can better track and evaluate the impact each project has vs the resources invested.

MAXIMIZE IMPACT

We believe in working SMART: Defining specific, measurable, achievable, relevant, and time-bound goals for each CSR initiative. This requires collaboration and taking an inclusive approach through pulling resources from various stakeholders, including employees, customers and suppliers while establishing channels for ongoing communication and feedback to ensure that initiatives remain relevant and effective.

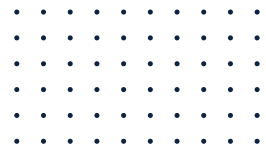

IMPROVE YOUR FOOTPRINT

We are committed to helping you enhance your organisation's image and influence by creating and sustaining the impact you have on society and the environment. This is an ongoing process that requires commitment, and continued community engagement.

MEET COMPLIANCE

In the ever-evolving landscape of business and social impact, compliance stands as the bedrock of ethical and sustainable practices. Our projects are purposefully designed to align with both local and global compliance standards. Embracing compliance is not just a checkbox; it is an integral part of our mission to create lasting change with integrity and purpose.

COMPLIANCE

B-BBEE

BBBEE is a dynamic and evolving policy framework aimed at creating a more inclusive and equitable economy in South Africa. We can help you implement BBBEE principles to contribute to the broader goals of economic transformation while maximising your score card.

ENTERPRISE DEVELOPMENT

Enterprise development (ED) involves dedicating time and capital to support individuals in initiating, expanding, or enhancing their businesses.

SUPPLIER DEVELOPMENT

Enhancing the capabilities, performance, and sustainability of your suppliers is important. This process involves collaboration, support, and investment. Supplier development is crucial for building strong and mutually beneficial partnerships within the supply chain while gaining maximum points on your scorecard

135% PROCUREMENT RECOGNITION

As your supplier we are qualified to represent 135% of your procurement recognition on your BBBEE score card as you contribute to economic empowerment, diversity, and social responsibility.

- 100% Black-Owned
- 100% Black Youth 50% Black Female
- Procurement Recognition of 135%
- Qualified SED Beneficiary
- Qualified Enterprise and/or Supplier Development Beneficiary Status

WE BELIEVE IN PURPOSE-DRIVEN PROJECTS

Each project is created with you and your beneficiaries in mind. After developing your CSR strategy and understanding the needs of the communities you are investing in, we can begin to create projects and campaigns that best represent your organisation and meet your objectives.

We have developed ready -to- execute projects that speak to our focus on environmental impact, sustainability and education. These projects address 90% of the UN's Sustainable Development Goals.

- Eradicating Period Poverty
- Early Childhood Development
- Conservation
- Education and Workshops
- Corporate Retreats
- Corporate Volunteering

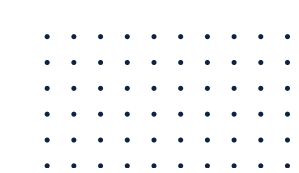

ERADICATING PERIOD POVERTY

This project is about championing women and addressing their menstrual needs, from providing them with a sustainable solution and educating them on menstrual and reproductive health. This projects alone addresses over 50% of the UN's Sustainable Development Goals. It is critical that we continue this mission because:

- 3 in 10 girls in South Africa miss up to a week of school EVERY month because they can't afford menstrual products.
- Uneducated girls are most vulnerable to trafficking and 3 times more likely to contract HIV.
- Women with secondary education marry later and have an average of 3 children. Uneducated girls are more likely to be child brides and have an average of 7 children.
- Children of educated mothers are twice as likely to survive past the age of 5.
- A single year of primary education increases a girl's wages in adulthood by 20%.
- Over the past thirty years, had women been given equal access to education and employment opportunities, Africa's economies would have doubled in size.
- 1 in 2 teenage girls drop out of sports due to a lack of sanitary products

EARLY CHILDHOOD DEVELOPMENT

The emotional, social and physical development of young children has a direct effect on their overall development and on the adult they will become. That is why the need to invest in very young children is so important, so as to promote their future well-being.

Our Early Childhood Development (ECD) initiatives are meticulously designed to cultivate a nurturing and engaging atmosphere for children during their formative years.

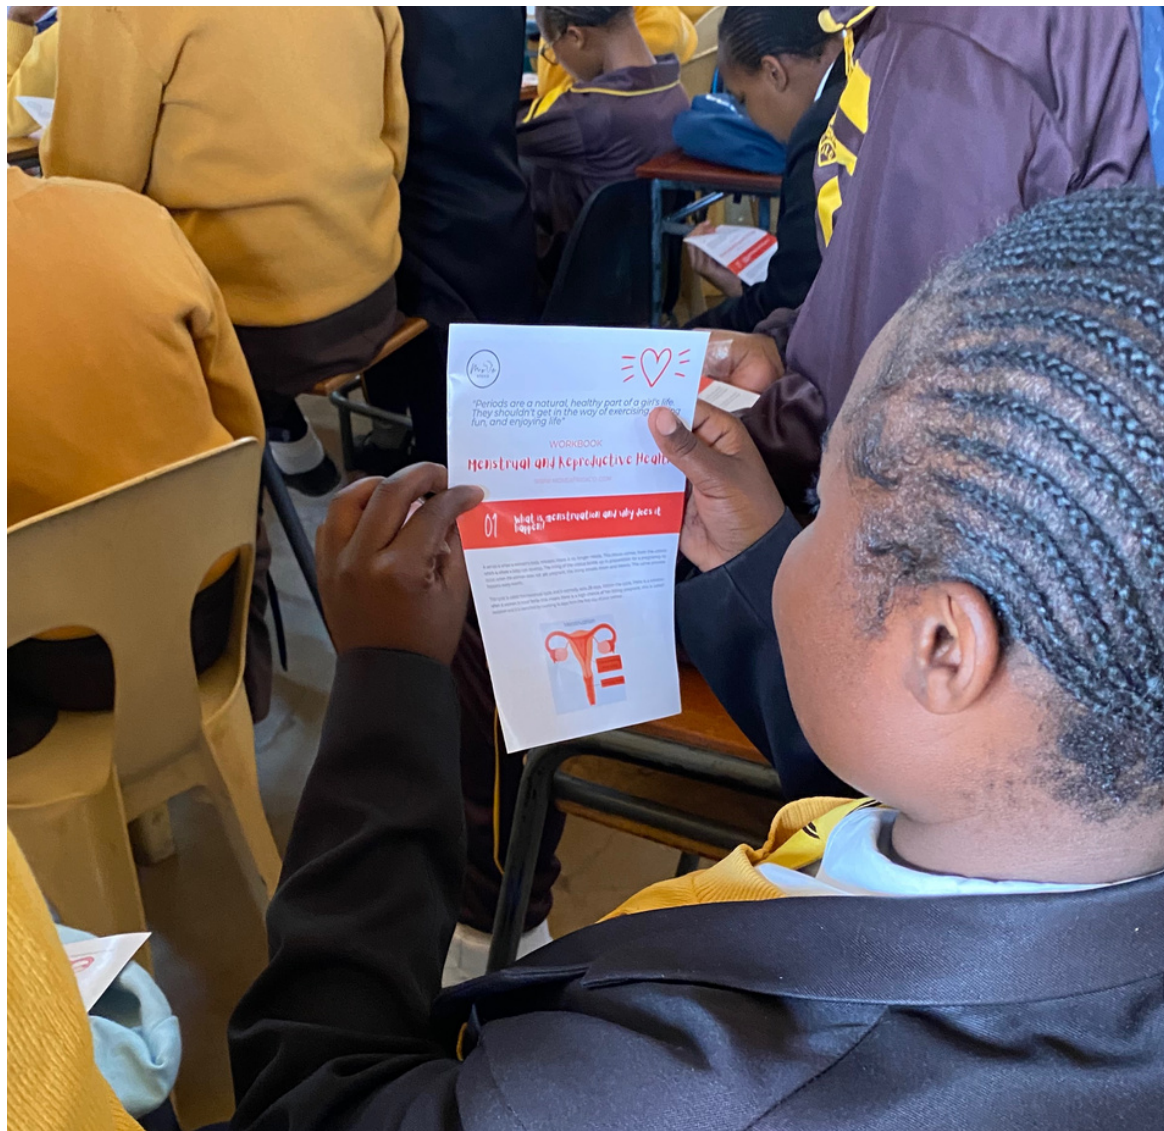

Our ECD kits represent a treasure trove of educational materials, interactive games, and developmental resources, elevating any under-resourced creche, school, or ECD center to the standards of a private institution. With a focus on fostering holistic growth, from cognitive enrichment to motor skills refinement, each component is meticulously selected to curate an environment conducive to children's optimal development. All our programs are crafted by seasoned professionals in the field of early childhood development, ensuring the highest quality standards and effectiveness in nurturing young minds.

WILDLIFE CONSERVATION

The heart of our conservation project lies in our mission to preserve wildlife and foster education by gaining a profound understanding of the ecosystem's delicate balance. Tailored for scholars and corporates alike, this experience encompasses rhino and predator monitoring, night drives, APU sessions, track and signs adventures, rhino dehorning, rhino horn implantation, cheetah collaring, and lion collaring. The program ensures a hands-on contribution to safeguarding these magnificent creatures for generations to come.

EDUCATION AND WORKSHOPS

In the pursuit of creating a more inclusive and equitable educational landscape, Move Africa takes pride in developing transformative workshops and educational programs tailored to empower children. With a commitment to closing educational gaps, we aim to provide every child with the tools and knowledge needed to thrive in a rapidly evolving world.

Our workshops are designed to be engaging, interactive, and tailored to address specific areas where educational/information disparities may exist.

We currently have three workshops addressing:

- Menstrual and Reproductive Health
- Gender Based Violence and Public Safety
- Mental Health

CORPORATE VOLUNTEERING

Corporate volunteering or employee volunteering, refers to programs and initiatives in which companies encourage their employees to participate in volunteer activities to support charitable organisations, community projects, or social causes. Corporate volunteering is significant for several reasons:

- **Social Impact**
- **Employee Engagement and Satisfaction**
- **Team Building**
- **Enhanced Corporate Reputation**
- **Community Relations**

CORPORATE RETREATS

Our corporate retreats transcend the traditional boundaries of team-building to create meaningful and lasting impacts on both your organisation and the communities we touch. At Move Africa, we believe that fostering a socially responsible corporate culture goes hand-in-hand with building a cohesive and motivated team.

Through strategic partnerships with 5-star reserves and lodges, alongside our esteemed brand experience collaborators, we craft unparalleled experiences that not only rejuvenate your team but also leave a positive mark on the surrounding communities.
